## Explorer Steel Water bottle

An 850ml or 650ml durable stainless steel bottle with vacuum insulation. Perfect for the great outdoors or the hustle of inner cities. It will keep liquids cold for 24 hours or hot for 12 hours.

- 100% leak proof
- Full steel and plastic-free construction
- Reinforced structural ribs on body give strength and improved grip
- Wider than average diameter makes it more stable on rough surfaces
- Smooth spout for comfort drinking
- Ultra-strong and mould/mildew-resistant paracord carry loop
- With a diameter of 8.6cm, it fits in most backpack side pockets

## RCS Re-steel bottle

The Avior RCS Recycled stainless steel vacuum bottle is designed for long-lasting enjoyment of your drinks. The double-wall recycled stainless steel vacuum keeps beverages chilled for up to 20 hours or warm for up to 10 hours. This bottle fits most standard car cup holders so you can bring it with you anywhere.

Made with RCS (Recycled Claim Standard) certified recycled materials. RCS certification ensures a completely certified supply chain of the recycled materials. Total recycled content: 97% based on total item weight. BPA free. Capacity 500ml. Including FSC®-certified kraft packaging.

## Recycled plastic water bottle

The Ziggs reusable water bottle is single-wall constructed and features a stylish bamboo lid. The body of the bottle is made from recycled plastic. BPA-free, tested and approved under German Food Safe Legislation (LFGB). Tested and approved for phthalates content according to REACH regulations.

The bamboo used is from sustainable, environmentally and socially responsible sources. Volume capacity is 650 ml. Hand wash recommended.

Presented in a recycled cardboard gift box. Recycled PET Plastic, Bamboo, PP Plastic.

## Eco Screw Cap water bottle

Single-wall sport bottle with ergonomic design made from Prevented Ocean Plastic. Plastic is collected within 50 km of an ocean coastline or major waterway that feeds into the ocean. This is then sorted and transformed into high quality and food-safe recycled plastic. Volume capacity is 750 ml.

Mix and match colours to create your perfect bottle. Contact us for additional colour options.

Made in the UK. Packed in a home-compostable bag. Due to the nature of the recycled material, there may be some small marks on the body of the bottle. PCR Plastic, PP Plastic.

## Mug with Bamboo lid

This beautiful tumbler with bamboo lid is made with GRS certified recycled PP.

GRS certification ensures a completely certified supply chain of the recycled materials. The tumbler features a bamboo lid for on the go usage.

Total recycled content: 52% based on total item weight. The body is microwave and dishwasher safe. BPA free. Capacity 300ml. An FSC®-certified kraft box is included.

## Recycled 350 ml spill-proof tumbler

Double-wall insulated tumbler made from 100% recycled plastic.

The twist-on, spill-proof lid clips closed to better prevent spillages and is manufactured without silicone for a fully recyclable mug. Due to the nature of recycled plastic, there may be small marks or some colour variation. Volume capacity is 350 ml and the mug has a black inner layer. Made in the UK. Packed in a home-compostable bag. BPA-free.

## Glass Cork Mug

Coffee mug with natural cork base. Made of borosilicate glass, offering an exceptional resistance and durability, extending its life span and allowing it to be reused many times.

Presented in an attractive eco-design box.

450 ml.

Borosilicate Glass / Cork.

## Ocean Prevented Octopus

Made from Ocean Prevented Plastic, using recycled materials and also helps sponsor the prevention of plastic from entering our ocean environments.

Every item supplied, leads to the prevention of 5 plastic bottles from entering our oceans and helping local coastal communities transcend poverty.

## Leather Power Bank

External auxiliary battery with 8,000 and integrated 10W wireless charger, made in a combination of RABS and recycled leather.

USB output, with Type-C input/output and Micro USB input connections. With LED charging status indicators and compatible with devices equipped with Qi wireless charging technology. Including Type-C charger cable and instruction manual in English and Spanish. Presented in an individual kraft design box.

RABS or Recycled ABS material and recycled leather come from the recycling of items at the end of their lifespan.

The recycled materials used include RCS certification, which guarantees their recycled origin.

## Fast Wireless Charger

- Wireless charging
- Super slim - 8mm
- 15 watts Fast charge
- Made from Recycled leather

## Zero Charging Station

- Wireless charging
- Multi Charger
- Made from Recycled Aluminium
- Compatible Magsafe
- 15W Power
- Zero Plastic

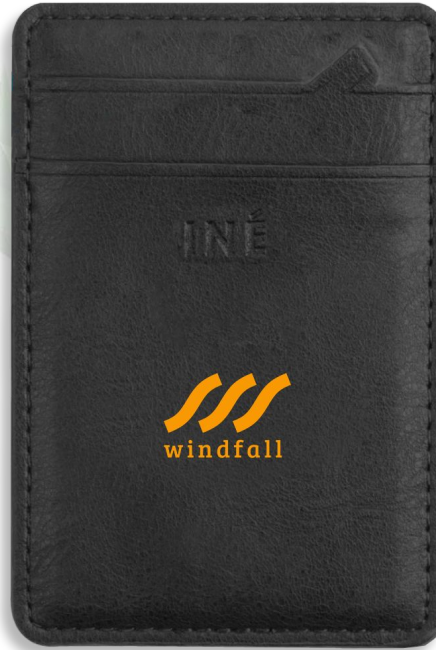

## Mini Wallet

- Digital Business Card compatible with iPhone and Android without APPS
- RFID Protection blocking system to protect personal data against being skimmed
- Magnetic back compatible with Apple's Magsafe line
- NFC inside

Made from environmentally friendly recycled leather.

## Water Powered Bamboo Clock

Large display LCD clock with bamboo details.

No battery is necessary to power this product,  
only water and 3gr salt.

## Bamboo and fabric 3W wireless speaker

Bamboo 3W speaker with built-in 300 mAh lithium battery. With playing time of up to 3 hours on one single charge and operating distance of 10m using BT5.0. Made from natural bamboo and fabric.

## Eco Speaker

Nature line, compact speaker with Bluetooth® 5.0 connection. Case in of RPET polyester, made from recycled plastic, in order to promote the reuse of plastic waste and help the sustainability of the planet. 3W power, compatible with iOS and Android and including micro USB charging cable and non-slip base.

Presented in an attractive eco-design box. With RPET emblem on the item.

Bluetooth Connection. Sound Power 3W. USB Rechargeable.

## Medium Aluminium Planted Pot

Modern and minimalist. This sustainable pot comes complete and planted with a small love heart plant ready to look good in any office or home. Aluminium pot with detailed print to one face. Recyclable. Reusable.

Plants are considered a critical resource because of the many ways they support life on Earth. They release oxygen into the atmosphere, absorb carbon dioxide and provide habitat and food for wildlife. Made in the UK to minimise carbon footprint.

Product size: 90mm x 90mm x 90mm

## Small Aluminium Planted Pot

Modern and minimalist. This sustainable pot comes complete and planted with a small love heart plant ready to look good in any office or home. Aluminium pot with detailed print to one face. Recyclable. Reusable.

Plants are considered a critical resource because of the many ways they support life on Earth. They release oxygen into the atmosphere, absorb carbon dioxide and provide habitat and food for wildlife. Made in the UK to minimise carbon footprint.

Product size: 60mm x 60mm x 60mm

## Grow your own Herbs bag

Bag with basil seeds. By adding 300ml water you get  
1 litre of garden compost.

## Bamboo Cutlery Set

Set of cutlery made from bamboo, including fork, spoon and knife. Presented in a cotton pouch with self-closing strings.

- 3 Pieces made from Bamboo
- Print area on the bag - Maximum printing area: 100 x 40 mm

Lead time: approx. 2-3 weeks from proof approval.

## Eco Straw Sets

Reusable straws are the perfect eco-Friendly solution to the plastic straw problem facing our planet.

Set of 2 reusable bamboo straws, stainless steel-nylon cleaning brush in cotton pouch. Since bamboo is a natural material the thickness and surface can vary.

Metal straw sets are also available.

## A5 Portfolio Notebook

This Impact collection is made with AWARE™ tracer. With AWARE™, the use of genuine recycled fabric and water reduction impact claims are guaranteed, by using the AWARE disruptive physical tracer and blockchain technology.

Save water and use genuine recycled fabrics.

## Infinity Pencil

This Tree free infinity pencil replaces your traditional wooden pencil. Traditional wooden pencils write only up to around 200 metres, but this Tree free infinity pencil, has a writing length of up to around 20,000 metres using a graphite tip to produce a graphite line.

Not only does it write like a pencil, but the markings can be erased. It works by leaving a graphite line on paper just like a regular traditional wooden pencil but it wears down so slowly, that it should outlast up to 100 traditional wooden pencils.

## Duo Ballpen

Eco-friendly double-ended ballpen with recycled paper barrel and recycled corn starch trim.

## Tide Three Peaks Recycled 600D RPET Laptop Backpack

A high quality, eco-friendly laptop backpack with a difference. The Tide Three Peaks branded RPET backpack is a functional yet stylish option when you want an environmentally friendly option without compromising on quality. This bag is ideal for everyday use for work, travel or university.

## Apple Leather Laptop Sleeve

With a luxurious design, this 13-inch laptop sleeve is made from apple leather, an alternative to real leather.

The pulp of apples, left over after making apple juice, is the basis for making this material which looks and feels like leather. This innovative process is both sustainable and vegan.

## Recycled Canvas Tote

The Impact AWARE™ 240 gsm recycled canvas tote bag undyed is the perfect way to carry your everyday essentials.

The recycled canvas is undyed and used in its raw form, without chemicals from dyeing or bleaching.

Each tote saves 1457 litres of water, the natural colour even more: 1663 litres. 2% of proceeds of each product sold will be donated to Water.org.

## Recycled Cotton Tote bag

This versatile 4.3oz cotton tote bag is embedded with blockchain technology that traces the use of genuine recycled fabric materials (70% cotton and 30% rPET) and water reduction impact claims are guaranteed.

If you choose this item you save between 465 and 531 litres of water, depending on the colour.

## A new life for recycled milk packs

Recycling is a necessary step to help conserve our natural resources. We continuously explore opportunities to use recycled materials and transform these into new products.

## Plant trees when you're finished

With the pine seeds infused into these sustainable products you can give a tree back to the earth whilst highlighting your company in a sustainable way.

The pine tree will grow approximately 30 cm per year in a variety of climates. Helping absorb CO2 and providing oxygen in exchange.

This collection is also made in Europe.

### Seeds

- 04 Blueberry
- 05 Strawberry
- 13 White daisy
- 48 Apple
- 60 Pine tree

## Erasable pens and notebooks

A5 Reusable notebook in PP cover is compatible with any document scanning app. Including water-erasable pen and cleaning cloth.

Comes with long lasting bamboo inkless pens.

## Bamboo Stationery

Combine functionality and durability by bringing sustainable alternatives for articles used in our everyday lives.

Decorated with an ink free laser technique it will bring your brand to the next level.

## Cork Stationery

Cork is one of the original sustainable materials - just Google the cork tree and you'll see why!

For brands that love investing in sustainable merchandise, cork alternatives to everyday products are a great choice.

# Ecologi Tree Planting Scheme

In our commitment to achieving a climate positive team, **Streamline** have partnered with Ecologi to fund the planting of trees and other climate projects. We commit to planting a tree for every order you place with Streamline and are happy to plant trees in our forest with credit given to you. You can visit our forest [here](#).

From sourcing and manufacturing to production and delivery - every step of our supply chain is held to the highest standards of ethics, sustainability, and quality.

- Corporate Responsibility is a hot topic and we can ensure your branded collateral meets these requirements.
- It can help protect your brand reputation, build long term loyalty and provide a better customer experience.
- More than ever, consumers want to know that the products they purchase/receive are economically sound, manufactured ethically and environmentally conscious, which we can help you achieve.

# Sustainable distribution

- Streamline have been working closely with our preferred distribution partner DPD to reduce the environmental impact of delivering our branded clothing.
- The electric van revolution is gathering pace and we are delighted that DPD invested in 200 electric vehicles in 2021 and plan for another 400 this year.
- Through this strategic partnership with DPD, Streamline have a target of 20% of deliveries being made by carbon neutral distribution by 2022.
- This commitment enables Streamline's clients to have confidence that a sustainable future is at the forefront of our plans and commercial offering.

# Accreditations & Quality

From sourcing and manufacturing to production and delivery - every step of our supply chain is held to the **highest standards of ethics, sustainability, and transparency.**

**Sedex** - Ensures full transparency at every step in our supply chain. This ensures that products we source are both sustainably and ethically manufactured.

**BPMA** - Streamline is a member of the British Promotional Merchandise Association (BPMA), the professional body serving the £1 billion promotional products industry in the UK & Ireland.

**Disability Confident Committed** - Streamline ensures that our recruitment process is inclusive and accessible. Supporting any existing employee and enabling them to stay in work.

**Living Wage Employer** - Streamline is also a Living Wage Employer, paying more than the minimum wage across its team which covers various skill sets and levels of experience.

Certificate  
No.409542023

## ISO9001 and ISO14001 Accreditation -

There can be ethical and environmental challenges when working with global suppliers, we aim to combat this with our ISO Accreditations. Combined with quality and inspections to ensure safety and compliance.
